"Attending peaceful demonstrations"

**V128.-** I'm going to describe various types of political systems and ask what you think about each as a way of governing this country. **Y003.-** Autonomy Index is a computed variable based on the Children qualities battery.

It uses only four variables:

V19= Important Child Qualities: Religious Faith

V21= Important Child Qualities: Obedience

V12= Important Child Qualities: Independence

V18= Important Child Qualities: Determination, Perseverance

Only variables with answers to all v19,v21,v12,18 have an index. The SPSS like formula is:

Compute Y003=-5.

if v19>=0 and v21>=0 and v12>=0 and v18>=0 then Y003=(v19 + v21)-(v12 +v18).
